**** AQA Science – There is no coursework to be completed, students will sit 4 exams: 2 Life and Environmental Science papers and 2 Physical Sciences.**

**** TADL is a BCS Technical Award in Digital Literacy: This qualification has primarily been designed for learners aged 14-16 who prefer to learn by applying their skills, knowledge and understanding through a practical, work-related context.**

The Technical Award in Digital Literacy is suitable for anyone interested in improving beyond their basic digital knowledge and applying these practical skills, to gain employment or further their educational progression.

**** Prince's Trust Level 2 – Students will complete their portfolio to achieve 36 credits and the Level 2 Certificate.**
